English

Perhaps one of the best soundtracks I have encountered in a videogame. I always feel I need to BLAST this game and the soundtrack is a big part of that. Every composition is perfectly suited to the feel of the tracks, imparting as much atmosphere as the visuals do to the overall experience.

Apart from that, I often find myself listening to the soundtrack when i am not playing the game. A few of the "classical" sort of pieces recall an epic Hans Zimmer vibe. (Great Dark Spot and Red Storm are my particular favorites.)

A standout OST in the realm of Gaming. 10/10
